

Pre-conference Workshop

21st Dec 2023

PATHOLOGY WORKSHOP

TIME	TOPIC
	20 mins talk and 10 mins discussion
9:00 AM - 9:30 AM	Oral Cancer Resections: The Making of a Complete Report
9:30 AM - 10:00 AM	Latest In Sinonasal Tumor Pathology: What Not to Miss!
10:00 AM - 10:30 AM	Salivary Gland FNAC as a Guide to Management
10:30 AM - 11:00 AM	WHO 2022 Updates in Thyroid Tumors: The Changes You Need to Know
11:30 AM - 12:00 PM	IHC & Molecular Tests in Head and Neck: When and Why?
12:00 PM - 12:30 PM	Digital Pathology: The New Revolution Why invest in it?

Course fees: INR 1,000

VIRTUAL SURGICAL PLANNING WORKSHOP

TIME	TOPIC
	20 mins talk and 10 mins discussion
9:00 AM – 9:30 AM	VSP in maxilla and mandible reconstruction: Indications and prerequisites (oncology scenarios, image acquisition)
9:30 AM – 10:00 AM	Reverse planning
10:00 AM – 10:30 AM	Digital workflow for an angle-to-angle mandible reconstruction
10:30 AM – 11:00 AM	Digital workflow for a hemi maxilla reconstruction
11:00 AM – 11:30 AM	Special scenarios: Occlusal scans, guides with plate holes, customized plates, condylar prosthesis
11:30 AM – 12:00 AM	Implant placement and dental rehabilitation
12:00 AM – 12:30 AM	Pearls and pitfalls

Course fees: INR 1,000

RADIATION ONCOLOGY WORKSHOP: Carcinoma Oropharynx

TIME	TOPIC
	20 mins talk and 10 mins discussion
9:00 AM – 9:40 AM	Routes of spread and Imaging in Ca Oropharynx
9:40 AM – 10:10 AM	Ca Oropharynx- Workup
10:10 AM – 10:50 AM	Outline in the management of p16 negative Ca Oropharynx
10:50 AM – 11:30 AM	Target volume delineation in Ca Oropharynx (Primary tumour)
11:30 AM – 12:10 AM	Nodal volume delineation in Ca Oropharynx
12:10 AM – 12:40 AM	Steps to reduce treatment induced toxicity in Ca Oropharynx
12:40 AM – 1:30 AM	Panel discussion: Consensus & controversies in the radiotherapy planning

Course fees: INR 1,000

MICROVASCULAR RECONSTRUCTION WORKSHOP

TIME	TOPIC
9:00 AM– 9:15 AM	Introduction to Microvascular Reconstruction
9:15 AM – 9:30 AM	Microscope and magnification
9:30 AM – 9:45 AM	Instrumentation
9:45 AM – 10:00 AM	Basic techniques
10:00 AM – 11:00 AM	Dry Lab (Hands-on work on mounted gloves, silicon tubes)
11:00 AM – 12:00 AM	Wet lab (Hands-on work on harvested vessels)

All candidates are encouraged to bring their magnifying loupes.

Course fees: INR 8,000

(All candidates will receive a set of microvascular instruments complimentary)

Seats: 10

LIVE SURGERY WORKSHOP: 12:00 PM TO 4:00 PM
